## OUR CLOTHING IS THE WORLD'S BEST

We're "cranks," so some of the Clothing manufacturers think. They say we are the worst people in the Clothing business, we're so infernally particular. When we're so exacting it's for you, so you'll get what you want, and by having it, we'll get the business. Come here and look over our Clothing. Turn it inside out, look at the quality and finish, the way the seams are sewed and what they are sewed with, how the padding's put in and all those apparently unimportant details. Some Clothing looks mighty slick outside, but it doesn't stay so any length of time. That's where our pertinacity scores. Take a look at our perfectly tailored Suits, our handsome Overcoats, our fine line of Rain Coats, our complete line of Headwear and our smart and attractive styles in all kinds of Toggery that good dressers want. If you do this you'll surely be convinced that the best is here.
